Continents & Animals Matching Activity

Learning Objectives:

Children will be able to identify continents by shape. They will learn about the animals found on each continent. Children will match the animals to their corresponding continent. The animals pictures on each page are faded to increase the difficulty of the activity.

- Print off pages
- Laminate pages for repeated use
- Cut out animals on page 9 & 10
- Match animals

Optional

- Use velcro pieces to attach animal pictures to pages.

Asia
